

Communist Party Of China Is Not A communist Party

COMMUNIST PARTY OF CHINA (CPC) is celebrating its 100th founding anniversary by arranging so many events including a central gathering. So many political parties of various countries including CPI(M) – the 2nd biggest Leninist party of the world has sent their greeting message to the CPC by describing its success of 100 years by terming these as communist success and wishing its future success for the communist movement by the claimed communist in fact, Leninist parties.

But, really, is CPC a communist party to unite the workers of the world for a communist revolution for communism by replacing capitalism- a global society of numerous commodities with a world market along with an universal inter-dependence of nations of the world in every direction by replacing feudalism- an old local and national seclusion and self-sufficient society for ending wage slavery to end exploitation of men by men for ending the rule of men by men for considering it as a communist party? No and No.

A communist party is a scientific party based on science- the code of creation or formation and transformation or change of anything and more precisely on the basis of science of communism discovered by communist and thereby

scientist Marx by discovering the code of capital and the code of society for change.

But, CPC is an ideologist party based on Leninism- the corruption of science of communism but a dangerous poison for the working class . Noted, the constitution of the People's Republic of China-1975, has described about the CPC in its Chapter one, article -2 is as: “ The communist party of China is the core of leadership of the whole Chinese people. The working class exercise leadership over the state through its vanguard, the communist party of China. Marxism-Leninism-Mao thought is the theoretical basis guiding the thinking of our nation.” Noted, communist Marx did not produce the so-called Marxism. Therefore, it's very much clear by the above mentioned article of the constitution of the PRC-1975 that the CPC has made a

false statement about scientist Marx by undermining him to confuse the workers to use the workers of China to work nationally by following Mao-Thought – the basis of thinking of nations of the China.

Chapter-3, Article-26 of the said constitution of China is also described as is : “ The fundamental rights and duties of citizens are to support the leadership of the Communist Party of China, support the socialist system and abide by the constitution and laws of the People’s Republic of China.

It is the lofty duty of every citizen to defend the mother land and resist aggression. It is the honorable obligation of citizens to perform military service according to law.”

Therefore, CPC is a party of motherland of the Chinese people but the people of China are bound to support the leadership of the CPC as their fundamental right but the CPC is not ready to consider the democratic right of thinking of the people of China by the said constitution – the supreme law. Even, the said article of the said constitution is not only helpful to create a false idea about communist Marx but also useful to spread wrong and distorted concept and interpretation about the fundamental right, determined by a fraction of the politicians of the capitalist interest.

So, CPC is not a communist party- a global party for a world without so-called mother or fatherland but a world of all of the world thus, it's free from politician and leader.

A communist party is a party for communism - a scientific society of equals, free from ideology, creed, mythology, politics, unscientific concept etc and thereby, it is free from politician, leader, teacher, preceptor, cultist, etc so, it is free from all class weapons including state- the strongest oppressive machine of the exploiter ruling classes.

But, CPC has founded a state of state capitalism with a great teacher to teach the nations and people of China along with men of CPC by his thought for guiding the thinking of people of China by determining his position above than all others of China by following the gruesome political concept of the brutal rulers of the dark slavery society and

thereby it is for ideology, politics, cultism, cult, guide, hero, state etc .

Noted, Chapter one, Article -6 of the said constitution of China has narrated as is : “ The state sector of the economy is the leading force in the national economy.” And Article-8 is as: “ Socialist public property shall be inviolable.” No doubt, a state with a state sector of the economy as its leading force in the national economy is a state of state capitalism where the rate of exploitation is much higher than traditional capitalist states. Therefore, CPC is a party of state capitalism but claiming it socialist by following Lenin- a gang leader of the capitalist exploiters as he was the chief buyer of labor power of the wage slaves of his state by paying wage by his choice by denying the bargaining right of the workers to produce commodity to accumulate

capital- the unpaid labor that is the fruit of capitalist exploitation.

So, CPC is not a communist party- a party of equals.

A communist party is for abolition of capitalist property for communism for ending capitalist mode of production – a production system for producing commodity to accumulate capital- the unpaid labor to end exploitation of men by men to end the rule of men by men for the emancipation.

But, CPC is not only for protecting the capitalist property by the state- the strongest oppressive machine of the exploiter ruling classes controlled by the CPC in China but also producing

billionaires and so rapidly. Thus, CPC is the party of capitalist property holders including billionaires- the biggest exploiters among the capitalist exploiters. Noted, the amended version of 2004 of the Constitution of China-1982, Chapter-1, Article-13, has described as is: “ Citizens lawful private property is inviolable.”- But, by ignoring and denying the article-8 of the constitution of China-1975 what we have already mentioned above . Therefore, the CPC is not only a party of private property holders but also a party of double standard by the character of the exploiters.

So, CPC is not a communist party- a party for abolishing private/capitalist property thus, its free from discrimination so, it's a party of friends and lovers.

A communist party is a party for disappearing capital to end capitalist exploitation to end all existing oppressive and overpowering machines including family- the basic unit of the class divided societies.

But, CPC is working for increasing the volume of capital by exploiting the wage slaves extremely by paying low rated wage for buying labor power of the wage slaves of China, determined unilaterally by the government, managed by the CPC by using the state power . Thus, CPC is for wage slavery thus, it's for exploitation and thereby, it's for various kinds of oppressive and overpowering machines including family to oppress and to control the exploited and opponents even by determining the number of child of a family and arranging the maintenance of parents by

their inheritances to inherit the private property in lineage.

Noted, the constitution of China-1982 with its amended version-2004, article-13 has said as is : “ The state, in accordance with law, protect the rights of citizens to private property and to its inheritance.”

Though, abolition of all rights of inheritance is the condition for the emancipation by ending hereditary – a political and thereby an artificial identity of men, determined by the political bosses of the dark slavery society to make sure the division, disparity and discrimination among the mankind by marking some are as aristocrat or upper class of the society and others as ordinary but obligatory to the parasitic upper class to serve and protect the parasitic interest of the exploiter ruling class- the masters of the slavery society.

Noted, not family but the individual is the basic unit of communism- a most modern society of liberty and freedom of all of the world.

So, CPC is not a communist party- a party of communists for communism- a society of liberty and freedom of all of the world by ending the rule of men by men.

A communist party is a party for ending and vanishing the production of commodity to end selling and buying to end wage slavery to end exploitation of men by men.

But, CPC is working to maximize the production of commodities to maximize the volume of capital by maximizing exploitation of men by men.

So, CPC is not a communist party- a party of scientists for science and scientific development by ending wage slavery.

A communist party is never a party for developing capitalist mode of production to serve the capitalist interest to protect capitalism.

Noted, working for developing the capitalist mode of production by any party is a capitalist party. Bolshevik party was a political party founded by Lenin and his company to develop the capitalist mode of production in Russia ; And it was also a multi- class party along with the reactionary peasants- a fraction of the exploiter capitalist class by the founding declaration of it. Thus, Bolshevik party was a reactionary

capitalist party. The said Bolshevik party has captured the state power of Russia by a planned military coup at night by taking the negative advantage of the 1st world war and thereby, it has formed a state of state capitalism- a worst form of so worst capitalism by denying the verdict of the voters of Russia by Lenin- a historical liar even about capitalism by claiming his state as socialist.

Noted, the origin of the CPC is the said reactionary capitalist Bolshevik party- a Leninist party. But, no Leninist party is communist party, because, Leninist parties are working not for communism rather they are working for implementing Leninism- the politics of so-called national liberation and state capitalism for protecting the moribund capitalism.

So, CPC is not a communist party-a party of equals for a scientific society of equals.

A communist party is working for ending wage slavery for communism – a classless society, free from division, disparity and discrimination among the mankind.

But, CPC is not only for wage slavery rather, it is controlling the wage slavery market of China by the single party government of it by using the state power of China by denying the bargaining right of the wage slaves-the producer of capital-the fruit of capitalist exploitation.

Noted, the current chief executive of the CPC is the chief executive of the Peoples Republic of China- a state with a single party government along with a huge

armed force paid from the government fund but its under the command of the chief of the CPC is the chief buyer of labor power of the wage slaves of China thus, he is the gang leader of the capitalist exploiters.

Noted, a buyer of labor power of the wage slaves by paying wage – the production cost of labor power to produce commodity to accumulate capital is a capitalist exploiter. Therefore, CPC is a party of capitalist exploiters with a gang leader of the capitalist exploiters but so powerful with a strong and big size armed force in fact, he is an absolute dictator.

So, CPC is not a communist party- a party of exploited working class- the best hope for the best hope of the best future of the currently divided but in future a

single one and undivided mankind by overthrow all rulers including dictators in the air for ever.

A communist party is a working class party for uniting the workers of the world for the communist revolution-the culmination of contradiction of the exploiter capitalist class and the exploited working class for the emancipation of the workers . So, not multi-class but a communist party is a class party- a party for the interest of only working class.

Is CPC a working class party? No. Rather, CPC is a multi-class party along with reactionary peasants for serving the interest of reactionary classes.

So, CPC is not a communist party- a revolutionary party.

A communist party have no interest separate and apart from the working class.

Is CPC having interest separate and apart from the working class? Sure. In fact, CPC is serving the capitalist interest against the interest of working class by managing the capitalist system- a commodity production system along with selling and buying.

So, CPC is not a communist party- a party of working class interest to end selling and buying to end wage slavery for the emancipation by emancipating the whole society.

A communist party is a party of working class is working to unite the workers of the world to form it as a class for fighting against the capitalist class to defeat and vanish it by abolishing the capitalist property for vanishing selling and buying system for communism- a most modern society, based on social property, free from class .

But, CPC is not a working class party to do so rather , it is a multi-class party of the workers , reactionary peasants, so-called national capitalists and claimed patriots etc of China is working to unite the people of China to protect the state power to protect the moribund capitalism by following the market economy – the free market policy introduced by the IMF- the controller of the world economy , founded by the winners of the 2nd world

war including Leninist big boss J.V.Stalin for avoiding war by avoiding recession but failed.

So, CPC is not a communist party- a party for a classless and stateless society- a society free from war thus, it's a society of uninterrupted peace.

A communist party is a party of working class to form it as a class to fight against the ruling class to vanish all political borders by vanishing all states of the world to use the whole world by the best use of it freely for the best of all of the world.

Noted, workers have no nation and country but they have a world to win by losing their chain by defeating and vanishing the capitalist class by abolishing capitalist ownership of property by

vanishing all political borders of the world for a free world , free from nation and country for the emancipation by the social/common ownership of the world – a means of production along with other means of production, and of exchange to use these for the all of the world for the best of all.

But, CPC is for the so- called right of self-determination of nations- a politics of Leninism but, so effective to ignore the classes and class division of the capitalist society to hide the class and class interest to ignore the class identity of the working class to deny the class struggle of the working class against the capitalist class and so useful to divide and confined the workers of the world by country and nation to protect the defunct states and the moribund capitalism. In fact, CPC is for its home land –China by declaring to protect the mother land of the people of

China by the constitution of China what we have mentioned above.

Noted, unity of workers of the world is the first condition for the emancipation of the wage slaves of the world; And, “United action of the leading civilized countries at least is one of the first conditions of the proletariat.” Page-48, The Manifesto of the Communist Party by Marx and Engels , English and Bengali version, published by the ICWF @ www.icwffreedom.org .

So, CPC- a multi-class party but the ruling and single one party of China is not a Communist party at all.

A communist party is for ending selling and buying for ending exploitation of men by men for ending capitalism by communism- a humanitarian thus, a lovely and friendly society free from

money and money related all nonsense including killing.

But, CPC is not for the same reason rather, CPC is serving the interest of the capitalist exploiters by managing the selling and buying system by a single party government but, so infamous for killing in the world by taking first place for hanging by defeating Iran- the 2nd place holder for killing. Noted, currently more than 104 states of the world are not for even judicial killing.

Noted, Mao- one of key founders of the CPC was a dangerous, brute, ugly, cruel, heinous and so infamous killer of the world. Even, he did not hesitate to kill his long time political collaborators.

So, CPC is not a communist party- a pioneer of the killing free world.

A communist party is for science and scientific development of the society by caring the advanced current of capitalism- the creator and producer of all pillars and conditions including thought of equality of men for communism- a society free from discrimination among the mankind.

But, CPC is for ideologies including cultism - a political concept of the brutal rulers of the brutal slavery society- the first class divided society but conceived by Mao- the producer of Mao thought –the cultism of Mao- a big boss of Leninism. Therefore, CPC is not a party even for democracy- a political system of capitalism but currently dead under the

rule of some global bodies including IMF- the ever mightiest syndicate of the world.

So, CPC is not a communist party- a party for ending all existing social values, rules, customs, traditions, cultures etc introduced by the political bosses and cults of the parasitic ruling classes.

A communist party is a party for ending the rule of men by men for the liberty and freedom of all of the world by the communist revolution- the ever biggest and ever impacted event of the world by the working class alone.

Noted, rule of men by men is the highest form of brutality, introduced by the brutal rulers of the brutal slavery society to protect the private property- a legal

but totally unfair and unjustified thing-
the cause of all evil jobs including war.

But, CPC is a ruling party of China and it
has been ruling China more than 70
years by chaining, oppressing and
overpowering the exploited wage slaves
of China by managing a single
party fascist government under the
leadership of some absolute autocrats.

So, CPC is not a communist party- a
party of friends, lovers and equals along
with communist principle to work for
communism, won by the working class
alone.

A communist party is a party for ending
the politics to end class and class rule,
introduced by the brute and dirty rulers

of the brutal slavery society- the first class divided society for the emancipation by communism- a free society .

But, CPC is a political party and doing politics for protecting the moribund capitalism- the last and final exploitative and class divided society.

So, CPC is not a communist party- a party free from leader, guide, preceptor, teacher, hero, savior etc.

A communist party is not a political party but a scientific party based on science of communism , discovered by Marx by discovering the code of capital and the code of society for change.

But, CPC is a political party based on Leninism- the corruption of science of communism and Mao thought- a

poisonous but suicidal thought for the working class.

So, CPC is not a communist party for a free world free from politics.

A communist party is a party for a communist revolution by the working class alone for vanishing the capitalist class by abolishing capitalist mode of production along with its all political weapons including state- a big bundle of huge chains to chain to oppress and overpowering the exploited and ruled for the emancipation by communism- the outcome of contradiction of the exploiter capitalist class and the exploited working class.

Noted, the culmination of contradiction of capitalist class and the working class is communist revolution- the ever biggest, ever important and ever impacted event

of the world to vanish all existing exploitative weapons including IMF- the custodian of the defunct states and all other things including customs, traditions, culture etc introduced by the political bosses by disappearing capital- the mightiest power of the capitalist world for which the capitalists are the slave of capital- the fruit of capitalist exploitation but produce by the working class- the grave digger of the exploiter capitalist class.

But, CPC has captured the state power of China by a long time war- an organized killing, rape, destruction, arson, plundering etc to protect the moribund capitalism by a state of state capital to oppress and overpowering the exploited workers by accepting the membership and caring the IMF too.

So, CPC is not a communist party- a party for vanishing currency by ending selling and buying system by the working class alone by the forcible overthrow of all existing social conditions for what the exploiter reactionary capitalist class has been suffering from fear, panic, tremble, anxiety and insanity.

A communist party is a party for ending the law and rules made by the rulers – the political servant of exploiter ruling class to end crimes- the violation of law to end punishment- a retaliation of the victims to end the rule of men by men for ending all existing ferocity, violence, conflict, disparity, discrimination etc in the society for a lovely and friendly but free relation among the mankind.

But, CPC is for law, rule, punishment etc to punish to serve and protect the interest of the capitalist exploiters.

So, CPC is not a communist party- a party for vanishing the all existing discriminatory terms including crime and punishment, rule and ruler, judge and applicant, ordinary and extra-ordinary etc those are useful to undermine the dignity of a man as a human being.

A communist party is a party for ending war- an organized but cool headed and well planned killing, destruction, arson, plundering, rape etc by abolishing capitalist property- the cause of war in capitalism by the communist revolution by the working class alone for making sure the place of arms and armed forces

in the museum of the history by throwing and dumping all weapons of war along with army for a fearless and anxiety free life for all in a stateless world for the uninterrupted peace of all of the world to live freely and peacefully with joy, pleasure, confidence and certainty . In fact, communist life in communism is the best life to live and do something best for the whole human being without any order or dictation or restriction or fear of anyone but cooperation of all concern friends and thereby, the life of everyone in communism is a life for everyone with liberty and freedom.

But, CPC is a party for war and Mao –the chairman of the CPC was the commander in chief of the armed forces till his death. And he was a world infamous killer. Yet the number of army in China is 2.8 million.

Noted, not only captured the state power of China but Mao also engaged his state in a war with USSR in 1969 though the USSR was his ally to capture the state power of China in 1949 and helped to construct his state- the PRC.

So, CPC is not a communist party- a party for peace and peace that is an uninterrupted peace.

A communist party is for a single one and undivided mankind, along with full sense of humanity- the fellow feeling of everyone to the whole mankind by ending nationality, ethnicity, aboriginality, caste, class, sexual identity etc nonsense.

But, CPC is for nationality, ethnicity, aboriginality, caste, class, sexual identity etc.

So, CPC is not a communist party- a party for a single one identity of the mankind by ending all political that is the artificial identity along with sexual identity.

A communist party is a global party to unite the workers of the world to fight against the exploiter capitalist class to overthrow it in the air for ending the class and class exploitation and class rule for the emancipation by vanishing all political borders by country of the world.

But, CPC is dividing and confining the workers of the world by nation and country to protect the capitalist world by

practicing the politics of nationalism, patriotism etc Leninist politics. Therefore, CPC is neither a working class party nor global but a nationalist and national party.

So, CPC is not a communist party- a party for a single one mankind – a mankind with full sense of humanity in first time in human history.

A communist party is a party for abolition of all class weapons including communist party- the class weapon of the working class for communism.

But, CPC is not for abolition of it.

So, CPC is not a communist party- a scientific party with a declaration of self-abolition.

A communist party is a party for ending all existing division, disparity and discrimination among the human being even by sex- a political identity of mankind determined by the brutal and cruel rulers of the brutal and dark slavery society but, totally unknown about anatomy.

But, CPC is not for the same end.

So, CPC is not a communist party- a party of equals those are free from the artificial identity of mankind even by sex, determined by the dirty rulers those were totally ignorant about the body system

along with Endocrine system- a system to control mood, growth and development, the way of organs work, metabolism and reproduction.

A communist party is a party for a most modern scientific and exuberant society free from poverty- an artificial creation of the exploiter capitalist class.

But, there are so many people of China are living under the extreme poverty line for rapid growing of the billionaires.

Noted, the constitution of China-1975, Chapter-1, Article-9 has narrated as is : “ He who does not work ,neither shall he eat.” By following the Biblical outlook and concept- a socio- economic concept and political attitude of the cruel rulers

of the slavery society to the slaves- the exploited class.

But, the manifesto of the Communist party, written by Marx and Engels has described as is : “ Communism deprives no man of the power to appropriate the products of society; all that it does is to deprive him of power to subjugate the labor of others by means of such appropriations.” – Page-43, published by the Information Centre For Workers Freedom.

Therefore, CPC- the producer of the said constitution has tried to reintroduce the socio-political concept of the masters of the slavery society by not considering even the capitalist development by denying the above described statement of the manifesto of the communist party

about communism and its high humanitarian standard. In fact, the CPC has ignored and denied the manifesto of the communist party- a valid and effective document for the communists. But, no communist party can do so.

So, CPC is not a communist party- a party for ending not only poverty but also servility, cruelty, inhumanity etc.

A communist party is a party of friends thus, its free from leader, guide, hero, preceptor, cult, etc. But, Mao is the guide, leader, teacher of the CPC and Mao thought is the basis of it.

So, CPC is not a communist party- a party for ending all existing ideas about the exploited classes- a fraction of the mankind of ignorance, blindness,

disability, dependency, disrespect, powerless, helpless, etc nonsense made and marked by the cunning politicians to justify their role as a politician, ruler, leader, teacher, preceptor etc.

A communist party is a party of equals thus, the organizational policy of it is equality that is communist principle.

But, CPC is for the democratic centralism- a fascist policy in essence and in practice what was rejected even by the Menshevik party-a party with the same founding declaration of the Bolshevik party but divided in founding congress-1903 for the difference with above mentioned policy.

So, CPC is not a communist party- a party with a manifesto by declaring its aim and object as communism won by the revolutionary working class alone by the communist revolution but imposed by the reactionary capitalist class by the existence conditions of capital- (1) Reproduction; And (2) Circulation and by the existing conditions of the capitalist class as is : “ The bourgeoisie can not exist without constantly revolutionizing the instruments of production , and thereby the relation of production , and with them the whole relations of the society.” The manifesto of Communist Party, Published by the ICWF, page-16.

A communist party is a global party to unite the workers of the world for a communist revolution- the culmination of contradiction of the exploiter capitalist class and the exploited working class for

communism for ending all existing political and unscientific concepts made by the rulers of class divided societies for the emancipation by communism- a historical consequence of capitalism- the foundation of communism.

But, CPC is a party of CHINA and serving the capitalist interest to protect the moribund capitalism, ruled by the disabled and so reactionary capitalist class by practicing the politics of capitalist globalization- a politics to free the whole world for the free movement of commodity and capital.

So, CPC is not a communist party- a party for ending politics for a scientific society of scientists to work to win nature for the best use of it for the best of all.

Finally, defeat of capitalist class along with disappearance of capitalism and the emergence of communism by the working class alone are equally unavoidable and inevitable by the existence conditions of capital; And the existing conditions of capitalist class.

Therefore, a communist party have no task except uniting the workers of the world to attain the same end by trembling the exploiter ruling capitalist class by forcible overthrow of all existing social conditions by caring the revolutionary current of the capitalist society.

But, CPC is not for the same end.

So, CPC is not a communist party- the last and final class weapon of the working class.
